

Homework # 8

Assigned:	Session 09	Due:	Session 10
------------------	------------	-------------	------------

Objective:	Work with a template based CMS
-------------------	--------------------------------

Specifications:	<p>Create an account with either Wordpress or Tumblr. Choose a pre built theme, and make at least two alterations to it (color, font,etc). Add a minimum of three posts. Include the use of text, hyperlinks and images.</p> <p>The content of one of the three posts must include a list of what parts of the theme you changed. The content of the remaining posts may be anything you like. Use a latin generator to create generic content if you wish (http://www.lipsum.com/).</p> <p>Provide a link on your homepage to your Tumblr or Wordpress blog page</p>
------------------------	--

Evaluation:	10 marks for meeting all specifications.
